## eLearning Module Overview

This module helps flight crews recognize dangerous goods and know what exceptions they are allowed to have onboard. It also includes common hazardous materials that passengers may bring on board, such as medical oxygen, powered wheelchairs, ammunition, alcohol, dry ice, and personal electronic device batteries, and provides information on risks associated with allowing these items onboard.

We have 4 different versions of the eLearning module:

- IATA Dangerous Goods Regulations – Will Carry Operator
- IATA Dangerous Goods Regulations – No Carry Operator
- U.S. DOT – Will Carry Operator
- U.S. DOT – Will Not Carry Operator

## Module Content

- General Philosophy
- Limitations
- List of Dangerous Goods\*
- Labeling and Marking
- Shipper's Declaration and other relevant documentation
