eLearning Module Overview

Fatigue has been cited as a causal factor in multiple aviation accidents. There are lessons that can be learned from these accidents as well as incidents and errors reported from the flight deck. Flight crew training is a critical piece of Fatigue Risk Management Programs. This module is designed to raise awareness on the causes of fatigue and countermeasures to reduce or mitigate the effects of fatigue in aviation.

Module Content

- Issue of Fatigue
- Causes and Symptoms
- Countermeasures

Recommended Audience

Flight Crewmembers

Regulatory Compliance

FAA Advisory Circular (AC) 120-51E

FAA 49 CFR 135.330 (a) 6

IS-BAO 6.13

Module Duration

1 hour
